Independent Auditor's Report

The Board of Directors
Fort Wayne Public Television, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Fort Wayne Public Television, Inc. which comprise the statement of financial position as of September 30, 2019 and 2018 and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Fort Wayne Public Television, Inc. as of September 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

September 30, 2019

1. Organization

The mission of Fort Wayne Public Television, Inc. (Station) is:

PBS39 engages our community through content and collaborations that educate, inform, inspire and entertain.

The Station operates northeast Indiana's only locally owned-and-operated non-commercial public television station. It is an affiliated member of the nationwide network of public television stations known as the Public Broadcasting Service (PBS). The Station is also a member of the statewide network of public media stations known as Indiana Public Broadcasting Stations (IPBS).

PBS39 broadcasts daily over five channels: PBS39/Channel 39.1; PBS39Kids/Channel 39.2; PBSCreate/Channel 39.3, PBS39Explore/Channel 39.4 and PBS39WX/Channel 39.5. PBS39 produces, promotes and broadcasts public television educational, informational, cultural and/or entertaining programing to the viewing area. This includes but is not limited to nationally distributed programing, as well as local call-in shows, documentaries and arts programs.

The Station's strategic plan provides direction for departmental activities contributing to the success of the entire organization in its work to connect national programming with local audiences, educational programming with students and teachers, and community arts, events, issues and ideas with audiences regionally and statewide. As a trusted community partner, PBS39 strives to be a primary focal point for the advancement of arts and culture, history, education and quality of life in our community.

The Federal Communications Commission (FCC) completed its broadcast incentive auction during the year ended September 30, 2017, which repurposed broadcast airwaves for nationwide wireless mobile use. The FCC then began a process called "repacking" to move TV stations to new channels. The Station submitted \$711,556 to the FCC for reimbursement pursuant to this program during the year ended September 30, 2018. The remaining costs of the "repack," \$514,401, were paid, submitted and reimbursed during the year ended September 30, 2019.

The Station is exempt from federal income tax under the provisions of Section 501(c)(3) of the Internal Revenue Code and qualifies for the charitable contributions deduction. The Station has been classified as an organization that is not a private foundation under the provisions of Section 509(a)(1) of the Internal Revenue Code. The Station is also exempt from state income taxes.

Notes to Financial Statements (continued)

1. Organization (continued)

The Station provides liabilities for uncertain income tax positions when a liability is probable and estimable. Management believes that it has appropriate support for any tax positions taken or expects to be taken and as such, does not have any uncertain tax positions that should be recognized, measured or disclosed in the financial statements. Management also believes the Station is no longer subject to examination by tax authorities for years prior to September 30, 2016.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents. All cash and cash equivalents are held at local financial institutions. The Station periodically has cash and cash equivalents in excess of federally insured limits.

Accounts Receivable

Accounts receivable are stated at the amount billed to underwriters and other supporters. The Station provides an allowance for doubtful accounts for estimated losses in the collection of accounts receivable which is based on an analysis of outstanding receivables, taking into consideration the age of past due accounts, an assessment of the customer's ability to pay and historical collection information. When specific accounts are deemed uncollectible, in whole or in part, such amounts are removed from the accounts although collection efforts may continue.

Costs Incurred for Programs Not Yet Broadcast

Costs incurred for programs not yet broadcast relate to programs produced and purchased by the Station that will be broadcast in subsequent periods. These costs are included in prepaid expenses and were \$12,502 and \$7,121 at September 30, 2019 and 2018, respectively.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Property and Equipment

Property and equipment are stated at cost or if donated, at fair market value at date of donation, except for property and equipment that have been impaired. For impaired assets, the carrying amount is reduced to the estimated fair market value. There were no impaired property or equipment assets as of September 30, 2019 or 2018. Items which cost \$1,000 or more and have a useful life of one year or more are capitalized. Depreciation is computed by the straight-line method over the following estimated useful lives:

Buildings and improvements	5 - 39 years
Tower, transmitters and other equipment	3 - 30 years
Office equipment	5-7 years
Vehicles	5 years

Expenses for normal repairs and maintenance are expensed as incurred.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions—Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions—Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been filled or both.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Net Assets (continued)

Resources arising from the results of operations or assets set aside by the Board of Directors are not considered to be donor restricted. During the year ended September 30, 2016, the Board of Directors initiated a program to accumulate funds to be used for future information technology needs. These funds have been included in Board Designated net assets without donor restrictions on the statement of financial position.

Contributions and Grants and Contributions Receivable

Contributions, including grants, are recognized when cash, securities or other assets, an unconditional promise to give or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

Grants and contributions receivable represent unconditional and legally enforceable promises to give and are recorded at the present value of future cash flows. The Station uses the allowance method to determine uncollectible grants and contributions receivable. The allowance for uncollectible receivables is based on historical collection experience and management's analysis of specific receivables.

Contributions of assets other than cash are recorded at their fair market value. Contributions of services are recognized as revenue if the services received (a) create or enhance non-financial assets or (b) require specialized skills, are provided by individuals possessing those skills and typically need to be purchased if not provided by donation.

During the years ended September 30, 2019 and 2018, the fair market value of contributed goods and services recognized as revenue and expense in the accompanying statements of activities and changes in net assets were \$138,593 and \$157,867, respectively.

Program and Production Revenue

Revenue for program underwriting is recognized on a pro-rata basis over the period the programming is broadcast. The Station utilizes the percentage-of-completion method of accounting for production revenue.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

Preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Advertising Expenses

Advertising costs are charged to operations when incurred. Advertising costs were \$13,743 and \$21,940 for the years ended September 30, 2019 and 2018, respectively.

Concentration of Credit Risk

The Station's major sources of recurring operating revenue are the Corporation for Public Broadcasting and the Indiana Department of Education. Revenue from the Corporation for Public Broadcasting was 24 percent and 20 percent of revenue during the years ended September 30, 2019 and 2018, respectively. Revenue from the Indiana Department of Education was 12 percent of revenue and 10 percent of revenue during the years ended September 30, 2019 and 2018, respectively. Other significant sources of revenue include foundations and individual viewers.

Functional Expenses

The cost of providing the program and other activities has been summarized on a functional basis in the accompanying statements of activities and changes in net assets. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include facilities and depreciation, which are allocated on a square footage basis, as well as salaries and wages, benefits, payroll taxes, office and other expenses, which are allocated on the basis of estimates of time and effort.

Reclassification

Certain 2018 amounts have been reclassified to conform with 2019 presentation.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Recently Issued Accounting Pronouncements

In June 2018, the FASB issued Accounting Standards Update (ASU) 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. This standard is intended to address questions stemming from FASB ASU No. 2014-09, Revenue from Contracts with Customers, regarding its implications on the grants and contracts of not-for-profit organizations. The guidance clarifies how entities determine whether to account for a transfer of assets (or a reduction, settlement or cancellation of a liability) as an exchange transaction or a contribution. The new guidance also clarifies that a contribution is conditional if the agreement includes both a barrier (or barriers) that must be overcome for the recipient to be entitled to the assets transferred and a right of return for the transferred assets or a right of release of the promisor's obligation to transfer assets. ASU 2018-08 applies to resource providers and resource recipients. The new standard is effective for the Station in the year ending September 30, 2020. Early adoption of the amendments is permitted. The Station is currently evaluating the impact of the adoption of the standard on its financial statements.

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (*Topic 842*), to require a lessee to recognize a right-of-use asset and a lease liability for both operating and finance leases, whereas previous U.S. GAAP require the asset and liability be recognized only for capital leases. The amendment also requires qualitative and specific quantitative disclosures. ASU 2016-02 is effective for fiscal years beginning after December 15, 2020, including interim periods within those fiscal years, with early adoption permitted. The Station is evaluating the guidance of ASU 2016-02 and the impact that the adoption of this update will have on the presentation of its financial statements.

Newly Adopted Accounting Pronouncements

On August 18, 2016, FASB issued ASU 2016-14 *Not for Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities.* The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Station has implemented ASU 2016-14 and has adjusted the presentation in these financial statements accordingly. The ASU has been applied retrospectively to all periods presented.

Notes to Financial Statements (continued)

3. Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Cash and cash equivalents	\$ 571,788
Accounts receivable	61,895
Grants and contributions receivable	201,360
Beneficial interest in funds held by the Community	
Foundation of Greater Fort Wayne Inc.	 18,025
Financial assets at year-end	853,068
Less board-designated funds for future technology needs	(106,937)
Less donor-imposed restrictions for endowment making	
financial assets unavailable for general expenditure	 (18,025)
Financial assets available to meet general expenditure	
within one year	\$ 728,106

The Station manages its liquidity and reserves following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs and maintaining sufficient reserves to provide reasonable assurance that obligations will be discharged. As part of the Station's liquidity management plan, excess cash is invested in short-term investments, including certificates of deposit.

The Station receives grants from the Corporation for Public Broadcasting and the Indiana Department of Education, contributions from donors, program and production revenue and rental income which are available to help meet its cash needs for general expenditures.

Additionally, the Station has a line of credit of \$200,000 available to meet short-term needs. See *Note 6* for information about this arrangement.

Notes to Financial Statements (continued)

4. Beneficial Interest in Funds Held by the Community Foundation of Greater Fort Wayne Inc.

The beneficial interest in the funds held and invested by the Community Foundation of Greater Fort Wayne Inc. (Community Foundation) of \$18,025 and \$18,043 at September 30, 2019 and 2018, respectively, is the result of an agreement whereby the Station has transferred assets to the Community Foundation and has specified itself as the beneficiary of the assets. The beneficial interest in funds held by the Community Foundation is valued at the fair market value of the underlying investments as reported by the Community Foundation at year-end.

Additionally, the Community Foundation holds investment assets with a value of \$17,837 and \$16,904 at September 30, 2019 and 2018, respectively, for the benefit of the Station. The Station is precluded from recognizing these assets held by the Community Foundation because the donors explicitly granted variance power to the Community Foundation. Accordingly, the Station only recognizes annual grants by the Community Foundation from these funds as contributions.

5. Endowment Funds

ASC 958, *Not-for-Profit Entities*, requires certain net asset classification changes for institutional endowment funds under Uniform Prudent Management of Institutional Funds Act (UPMIFA). The Indiana General Assembly has adopted UPMIFA. The Station may hold donor restricted endowment funds where the gift instrument clearly stipulates that it is not to spend the principal or some other portion of the gift, in which case such gift instrument will supersede the Station's ability to spend the whole fund. The Station's endowment consists of an individual donor-restricted endowment fund.

Endowment

The Station has interpreted the Indiana Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. At September 30 2019 and 2018, there were no such donor stipulations. As a result of this interpretation, the Station retains in perpetuity (a) the original value of initial and subsequent gift amounts (including promises to give net of discount and allowance for doubtful accounts) donated to the Endowment and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added.

Notes to Financial Statements (continued)

5. Endowment Funds (continued)

Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by us in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Station considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund.
- The purposes of the Station and the donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation (depreciation) of investments.
- Other resources of the Station.
- The investment policies of the Station.

Endowment net asset composition by type of fund as of September 30, 2019 is as follows:

	Without Donor Restrictions		 n Donor rictions	Total
Endowment funds	\$	4,398	\$ 13,627	\$ 18,025

Changes in endowment net assets for the year ended September 30, 2019 is as follows:

	Without Donor Restrictions		h Donor trictions	Total		
Endowment funds at beginning of year Net investment return	\$ 4,416 (18)	\$	13,627	\$	18,043 (18)	
Endowment funds at end of year	\$ 4,398	\$	13,627	\$	18,025	

Endowment net asset composition by type of fund as of September 30, 2018 is as follows:

	Without Donor Restrictions		With I Restri		Total
Endowment funds	\$	4,416	\$	13,627	\$ 18,043

Notes to Financial Statements (continued)

5. Endowment Funds (continued)

Changes in endowment net assets for the year ended September 30, 2018 is as follows:

		Without Donor		h Donor				
	Res	trictions	Res	trictions		Total		
Endowment funds at beginning of year	\$	3,037	\$	13,627	\$	16,664		
Net investment return		1,379		-		1,379		
Endowment funds at end of year	\$	4,416	\$	13,627	\$	18,043		

From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or by law (underwater endowments). The Station has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. At September 30, 2019 and 2018, there were no deficiencies in donor restricted endowment funds.

Investment and Spending Policies

The Station has adopted investment and spending policies for the Endowment that attempt to provide a predictable stream of funding for operations while seeking to maintain the purchasing power of the endowment assets. Over time, long-term rates of return should be equal to an amount sufficient to maintain the purchasing power of the Endowment assets, to provide the necessary capital to fund the spending policy and to cover the costs of managing the Endowment investments. The target minimum rate of return is the Consumer Price Index plus 5 percent on an annual basis. Actual returns in any given year may vary from this amount. To satisfy this long-term rate-of-return objective, the investment portfolio is structured on a total-return through which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). A significant portion of the funds are invested to seek growth of principal over time.

The Station uses an endowment spending-rate formula to determine the maximum amount to spend from the Endowment, including those endowments deemed to be underwater, each year. The rate is determined and adjusted from time to time by the Board of Directors. In establishing this policy, the Station considered the long-term expected return on the Endowment and set the rate with the objective of maintaining the purchasing power of the Endowment over time.

Notes to Financial Statements (continued)

6. Debt Arrangements

Pursuant to a line of credit arrangement with a bank, the Station may borrow up to \$200,000, subject to certain terms and conditions. The line of credit arrangement expires on April 1, 2022. Interest is payable monthly at the bank's prime rate plus 0.75 percent (5.75 percent at September 30, 2019). There were no borrowings pursuant to this line of credit arrangement at September 30, 2019 and 2018.

Pursuant to a second revolving line of credit arrangement with a bank, the Station may borrow up to \$500,000 (\$1,500,000 before April 1, 2019), subject to certain terms and conditions. The line of credit arrangement expires on April 1, 2022. Interest is payable monthly at the bank's prime rate plus 0.75 percent (5.75 percent at September 30, 2019). There were no borrowings pursuant to this line of credit arrangement at September 30, 2019. Borrowings pursuant to this line of credit arrangement were \$260,308 at September 30, 2018.

Substantially all of the Station's receivables, equipment and certain other assets are pledged as collateral pursuant to the terms of the loan agreements.

7. Net Assets

Net assets with donor restrictions are restricted for the following purposes or periods:

	September 30				
		2019		2018	
Subject to expenditure for specified purpose:					
Empowering Community Connections	\$	28,015	\$	40,021	
Collaborative software		-		48,000	
Subject to the Station endowment spending policy and appropriation—					
Any activity of the Station		13,627		13,627	
	\$	41,642	\$	101,648	
	====		•		

Notes to Financial Statements (continued)

7. Net Assets (continued)

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donors as follows:

	September 30		
		2019	2018
Satisfaction of purpose restrictions:			
Empowering Community Connections	\$	12,496	\$ 173,638
Collaborative software		48,000	-
	\$	60,496	\$ 173,638

8. Employee Benefit Plan

The Station maintains a defined contribution benefit plan for the benefit of eligible employees. The plan allows for discretionary employer matching contributions. These contributions were suspended in February 2009 and reinstated in July 2016. The Station's contributions to the plan were \$14,264 and \$9,848 for the year ended September 30, 2019 and 2018, respectively.

9. Leases

The Station leases land on the campus of Purdue University Fort Wayne pursuant to an operating lease which expires on October 1, 2051. Pursuant to the lease agreement, annual rent is \$1. The fair market value of the lease was \$55,980 for the years ended September 30, 2019 and 2018, respectively and was recorded as contributed goods and services. The Station leases office equipment pursuant to an operating lease that expires in 2021. Total lease expense was \$59,960 and \$59,810 for the years ended September 30, 2019 and 2018, respectively.

Future minimum lease payments as of September 30, 2019 pursuant to operating leases that have initial or remaining noncancelable terms in excess of one year are as follows:

Year ended September 30, 2020 Year ended September 30, 2021	Þ	3,600 3,300
	\$	6,900

Notes to Financial Statements (continued)

10. Facility and Tower Leases

The Station leases space on its tower and in its former facility pursuant to operating leases which expire at various dates in 2020 through 2032. Future minimum lease receipts as of September 30, 2019 pursuant to operating leases that have initial or remaining noncancelable terms in excess of one year are as follows:

Year ended September 30, 2020	\$ 212,737
Year ended September 30, 2021	198,655
Year ended September 30, 2022	162,239
Year ended September 30, 2023	102,048
Year ended September 30, 2024	19,347
Thereafter	 148,324
Total minimum payments	\$ 843,350

11. Related Party Transactions

Certain members of the Board of Directors are employed by companies that provide services to the Station. The fees paid to these companies were based on customary and reasonable rates for such services.

12. Subsequent Events

Management has evaluated subsequent events through October 31, 2019, the date on which the financial statements were available to be issued.
